Denies Brutality Charge.

Dr. White denied that brutal treatment had been indulged in, and said it was a standing rule at the hospital that no attendant was ever to use vio-lence except in self-defence.

"Longworth's history shows that he has been doing this sort of thing everywhere," said Dr. White. "He tried to run the army before he was sent here and he seems disturbed because he wasn't allowed to run this place."

When Dr. White was asked why Longworth was released if he considered

Mondell Defends Hospital.

Representatives Crago (Pa.). Olney Mass.), and Sanford (N. All of these are members o Military Committee.
Representative Mondell defended the

hospital and its administration, declar-ing that in his opinion it was "one of the very best managed and conducted institutions in America if not in the

world."
Representative Paige (Mass.) inter-rupted Mr. Mondell to give an incident which had come under his observation. "A man at the head of the Red Cross stated to me," said Mr. Paige, in teiling of a soldier held at St. Elizabeth's, "that he was not insane at all and Dr. White insisted that he was.
